

Growers of Bismarck Plant Materials Center Grasses and Forbs January 2006

Compiled by Nancy K. Jensen
Bismarck Plant Materials Center Agronomist

Following is a list of growers who are producing grass and native forb (wildflower) and legume seed of Bismarck Plant Materials Center (PMC) cooperative releases (cultivars and pre-varietal germplasm). It also includes growers producing rhizomes (vegetative material) of Red River germplasm prairie cordgrass.

Those included on the list are growers who have received seed from the PMC, grown it for increase, and are now marketing their seed. Other vendors and seed distributors sell, but do not generally grow Bismarck PMC releases. These wholesalers and retailers are not included on the list, as tracking of all of these entities is difficult. All growers included on the list responded to a seed production questionnaire from the Bismarck PMC and agreed to have their contact information listed. The PMC does not guarantee quality or availability of any seed that growers may produce and market. Purchasing certified seed is always advantageous to the buyer.

Cooperators and agencies interested in purchasing seed or rhizomes should make their own contacts regarding availability and price.

How to Use the Directory

Grasses are divided into native and introduced categories and warm and cool-season categories. The forbs are listed in a separate category. Under each common name are the release names for that species. The designation "Germplasm" or "Ecotype" indicates it is not a cultivar or variety release. The numbers to the right of each release name correspond to grower information on following pages. The boxed numbers indicate the grower has or is producing certified seed of the release. The shaded boxes are growers of rhizomes.

"The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410 or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer."
